Captain
it is time
for gork!

Yes, I Am
Hungry
too

Captain.
if Commander Riker
gets too thin,
He will
evaporate!

I am
thirsty
too.

He must
be put in a
container

But there
are no containers
on the
bridge!

Suggestions?

thirsty.....
Containers.....
Hmmm...

Computing

Mr. Data!
That are
you doing?

Blort

You always
perform well
under pressure

Mr. Data

hmmmm...
I am feeling light
headed.

and I'm going
blind

That's Gross

I concur

The computer has analyzed the situation. Humanoids with large body fat percentages are emulsified by exposure to a tackion field through which the Enterprise has just passed. The process can be reversed, but it requires your intellect to interact with the computer. Do you understand Mr. Data?

Q P P I C
A Z y p T S

The computer does not understand you. It is not polite to talk with your mouth full.

WACQYZA
Egh iJ

SIR! The Computer has figured out the reversal process. Should I proceed?

Very well...

...engaging

BUZZZZZZ

Arggg! It's
Awful!

This is Terrible!
They are mixed up!

We must reverse the process.

I agree

Get
Gondy and Dr.
Crusher!
QUICK!

Do you see the Problem?

Yes! What shall we call them

How about Rickard and Piker?

Can I be Piker?

Can you fix them?

Yes, but we must bombard them with anti-neutrinos.

But that is very risky! Captain, should we do it?

Yes!

No!

Yes, do it!

Increasing anti-neutrino
fields to levels
hitherto unknown to
species in our galaxy.
Focusing field on
Ricard's left nostril and
Piker's ear. There
will be a slight
explosion in ten
seconds...

nine, eight, seven
Six, five, four,
four and a half
three, two, one,...

BLORT

Gasp!
It's worse than
before!

THEY ARE

JOINED!

We must try again!
Three, two, one...

BLOTT

It worked

Mr. Riker I presume.

Yes sir. It's good to be back.

Get us out of here.

With pleasure sir. Mr. Dataset a course for Blackburn six.

Ready

Engage!

All your medical signs are positive.

Good! There is still time for gork.

No worf. The captain siad were not eating now.

Will, I've changed my mind.

LET'S

EAT IT IT IT IT IT IT IT IT IT IT
