

"I found the research to be on the cutting edge, and I thoroughly enjoyed my interactions with the OS� faculty. I wish people everywhere were like the people of Lubbock."

-Bob Marks, Ph.D.

"I really enjoyed the research freedom and the supportive environment OS� provided."

*- Freddie Lin, Ph.D.,
Physical Optics Corporation*

ADMISSIONS

Prospective M.S. candidates should have a cumulative GPA of at least 3.0 for their final 60 hours of undergraduate work (3.5 on M.S. work for Ph.D. candidates) and a GRE General Test score (verbal and quantitative) of at least 1100. Students wishing to enter the program should also have an undergraduate degree in engineering, physics or mathematics. For further admission information, write: Graduate Advisor, Department of Electrical Engineering, Texas Tech University, Lubbock, Texas 79409-3102, or call: (806) 742-3533.

FINANCIAL AID

Most graduate students in electrical engineering hold either research or teaching assistantships. Some graduate fellowships are also available. The cost of living in Lubbock is relatively low, and moderately priced apartments are available close to the university campus.
